MEMORANDUM FOR: John N. McMahon
Acting Deputy to the DCI for the
Intelligence Community

25X1A VIA: [REDACTED]
Director of Performance Evaluation
and Improvement

25X1A FROM: [REDACTED]
Acting Chief, Production Assessment
and Improvement Division

SUBJECT: Standardized Collection Strategy Report

1. The attached memorandum, submitted for your approval and signature, schedules an Action Officers' meeting to address Community comments on subject initiative. At the meeting, we propose to distribute a handout containing:

- a collation of questions and problems raised by Community respondents and answers thereto;
- an outline of proposed collection strategy development procedures looking toward the NITC;
- a modified collection strategy report specification.

2. We believe the handout and attendant discussion will take care of the substantive and procedural questions raised thus far. Inevitably, questions reflecting apprehension of what the DCI is up to will persist and surface in Planning Board discussions. A point paper for the DCI's use in such discussions will be prepared on the basis of Community comments 25X1A received and the results of the Action Officers' meeting.
